What are Chronic Conditions?

Chronic conditions, or chronic diseases, are medical diagnoses that are long-lasting. The word "chronic" is used when the disease or condition lasts for one year or more. Chronic diseases require frequent medical attention and are very common. Six out of ten adults in the United States have a chronic disease, and four out of ten adults have two or more chronic diseases.

Examples of Chronic Disease Diagnoses

Some of the most common chronic disease diagnoses include (but are not limited to):

- Diabetes
- Chronic Kidney Disease
- Cancer
- Arthritis
- Chronic Obstructive Pulmonary Disease (COPD)
- Heart Disease
- Obesity
- Other — call the Beartooth Case Manager at 406.446.0583 for more information.

Our Chronic Care Management (CCM) Program

Eligibility

To qualify for CCM enrollment you must:

- Have 2 or more chronic conditions
- Have Medicare Part B

How the Program Works

You will work with our Chronic Care Manager and clinic team on a regular basis, in between your regularly scheduled visit with your provider, to create personalized care plans reflecting health goals important to you.

Topics you will likely discuss include lifestyle changes, reviewing medications and care instructions, introduction to community resources, addressing barriers preventing you from achieving your goals, and coordination of care.

Visits may be by phone or in person.

Why CCM?

Here at Beartooth Billings Clinic we believe that by using our entire team to care for our patients, we provide a more holistic and personalized approach to treatment of chronic conditions. By providing these between visits with your doctor, CCM will enable us to create a tailored care plan that changes as frequently as you need. Through our partnership, we hope to address/remove barriers keeping you from being your healthiest so you can achieve a higher quality of life.

We Want to Help

By registering for our Chronic Care Management (CCM) program, you will have access to all the help you need to manage your chronic disease.

Using a team-based approach, we help you understand your diagnoses, assess your needs, and create care plans that help you reach your health goals.

Benefits for You

When you're enrolled in CCM, you will have direct access to a healthcare professional 24/7/365 through Beartooth Nursing Staff at 406.446.2345.

There is no enrollment fee for CCM and the copay for this program is minimal.
